INSTALLATION

NOTE:

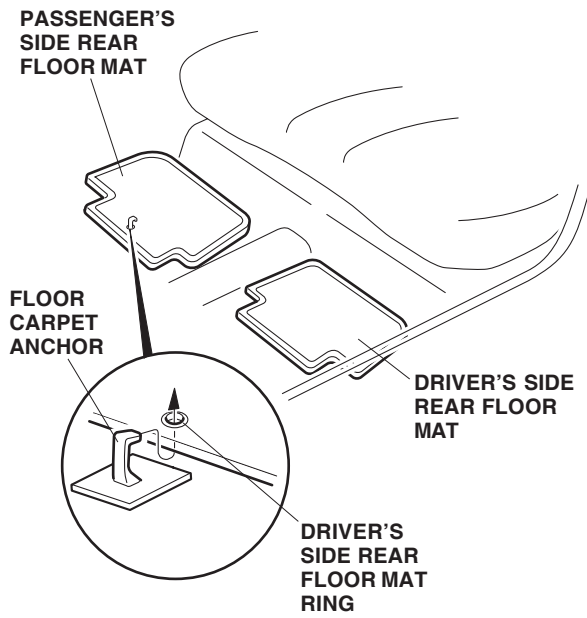

- Before installing, identify each floor mat.
- Remove the standard floor mats before installing these new floor mats.
- The floor mat anchors are required for the driver's side of the vehicle. These anchors prevent the driver's side floor mat from sliding forward and interfering with the pedals.

1. Install the driver's side front floor mat by placing the rings in the floor mat around the two anchors on the floor carpet.

2. Install the passenger's side front floor mat on the floor carpet.

3. Install the driver's side rear floor mat on the floor carpet.

4. Install the passenger's side rear floor mat by placing the ring in the floor mat around the anchor on the floor carpet.
